

Client Update

Eight Credit Unions Recently Join the Symbionce Family of Credit Unions

Symbionce Financial Solutions, LLC a New Jersey based Home Loan CUSO is pleased to announce that their roster of client credit unions has grown by the addition of eight credit unions.

Focusing on credit unions that have a need for branded back office home lending support as well as a desire for superlative member service, Symbionce attracts credit unions of all asset and membership sizes. “ We focus on supporting each of our client credit union’s Asset Liability Management objectives and membership’s needs, as well as their goal to achieve 100% member satisfaction, regardless of their size.” says Leo O’Donnell, Vice President of Mortgage Services.

Community Financial Services FCU, Fairleigh Dickinson University FCU, Hamilton Horizons FCU, Liberty Savings FCU, and MidState FCU, each located in New Jersey, have recently joined the Symbionce family. In addition, Lassen County FCU in California, Maryland based Market USA FCU and NET FCU located in Pennsylvania have also recently partnered with Symbionce.

“We’ve worked with other Home Loan CUSOs in the past but found them to be lacking in member service levels.” says Tracy Sussmann, CEO of MidState FCU. “Our members were not getting the attention they deserve and I was anxious to partner with a CUSO who understands our needs and those of our members, while offering us flexibility in the types of home loans we offer”

Sussmann states “We have found that Symbionce has a management team and staff who have extensive direct credit union lending experience. Their commitment to not only meets, but exceeds our members’ and our own expectations!”

“Working Together To Benefit All”
